In & Around DCC

During the repairs to the septic system, the water line to the Starter Shack was inadvertently damaged. Water line repair is ongoing, and to ensure the integrity of the drinking water, we will shock and test the line when it's completed.

Do not drink water from Starter Shack taps until further notice.

In the interim, please note that the water at the Clubhouse is safe to drink. There is also water cooler near the Clubhouse bathrooms, and bottled water is available at the Starter Shack
